[Deluxe Payment Exchange](#) gives businesses like yours a new, faster, more affordable way to send payments. You get all the benefits of a paper check combined with instant, digital delivery, plus:

- **Greater Flexibility:** Send payments from home or office without the need for printers or check stock. Single or multiple payments are sent in seconds, with the click of a mouse!
- **Better Security:** All you need to send a payment is an email address so no sensitive banking information ever exchanges hands.
- **Multiple Deposit Options:** Recipients can choose to direct deposit*, deposit to debit card* or PayPal* or print the check and deposit at a bank or with remote capture using their mobile device.

Start paying a better way. Create an account at [deluxe.com/echecks](#).

How It Works

deluxe
PAYMENT EXCHANGE

1. Sender links bank account to platform and issues payments into DPX.

2. DPX digitally sends payment and remittance notification to Receiver by email.

3. Receiver notified of payment, views remittance data, and chooses deposit method.
